Children must be old enough to walk on their own. We even have a special court for children 8 years and younger to jump, if they don't feel comfortable jumping on the main court. (We tend to see older jumpers (teens and up) later in the evening.

Two years and younger:

We have special pricing for children two years and younger. When a wristband is purchased for a two year old, a parent has the option of receiving a supervisory wristband to help monitor their child(ren) on the courts. It is recommended and encouraged for jumpers eight and under to use our Kid's Court.

Kid's Court is always open! Please ask any staff member to have it opened in the event it is closed.

Do we need to make reservations to jump?

We HIGHLY encourage booking online. We book up quickly and there is no guarantee that you can get in unless you book in advance. We do accept walk-ins upon availability. We do not take reservations over the phone unless you are booking a group event with us.

What is a group?

A group usually ranges of 10 or more. We require a \$100 deposit and we charge \$11 per hour per person. We do not give change back from the \$100 deposit. This means in order to get your money's worth you need to have either ten jumpers for one hour or five jumpers for two hours.

Are there any group discounts?

Special group discounts only apply to non-profit organizations such as Boy Scouts, Schools, Churches, Etc. (with a non-profit tax-id number)

Does our group or party get the facility to ourselves?

No, we have a very large facility and can house mass amounts of people. We are always open to the public but you and your kids will have a blast regardless.

We do offer a private court rental at specific times for the reserved price of only \$150 for up to 20 jumpers. This court would be your court and no one else would be able to jump on it. You would have access to this court only but again, no one would have access to your own personal private court for a great price. This court allows you to either jump around freely for an hour or play Dodgeball with your own personal Dodgeball ref, or a mix of the two!

Is Dodgeball private?

No all the jumper that want to play Dodgeball form a line and our court monitors divide the teams. If you want to have a private game remember we do offer our private court for rental.

Can I rent out the facility?

Yes, call us for pricing and availability to rent out the entire facility all for yourself!

No, unfortunately we do not allow outside food or drink. We have snacks available as well as many different beverages. Come on in and check out what we have to offer.

If my child has been to Sky High Sports before, does he/she need another waiver?

If they have been to our facility more than twice we should have one on file. If you are unsure it is better to send them with another waiver, just in case.
